Monday 21st September 2020

Dear Parents

I thought it would be useful to share some information with you regarding absence and home learning. I have included some detail at the end of this letter that explains the definitions of COVID-19 symptoms and various scenarios. This document has been shared with all Hertfordshire schools.

If your child has to self-isolate our website includes some ideas for home learning. Click on the link <http://www.clitherow.herts.sch.uk/cu-classes.html> then your child's class, scroll down and click on the second link under the general heading. These suggestions are for children who are well and are there should you need them. If your child is off school due to illness, there is no expectation for them to complete the tasks.

Let's hope and pray that it doesn't come to this, but if we have to close a whole class due to a positive case within the school, we will either use parentmail to send out the daily home learning tasks or use Google Classroom. I fully appreciate that parents may still be working at home and it may be difficult to support your child with their home learning, however, the lessons and activities will be made available to you each day.

We are currently receiving training on Google Classroom and this would be our preferred platform to use. If your child's class does need to self-isolate, your child will be given a paper pack to complete on the first day at home. We would then switch over to Google Classroom and the teachers would upload work and be able to communicate with you about your child's learning. If a class needed to isolate, you will be given your child's login details and passwords for Google Classroom. There are various youtube tutorials that explain how Google Classroom works, it may be worth watching these to familiarise yourself with the platform.

Over the coming weeks, teachers will show our older children how Google Classroom works and we will aim to set some homework using the platform. If your child's class has been selected to receive homework using Google Classroom, their login details will be stuck on the front cover of their Reading Journal and you will be parentmailed a class code. We will still continue to set paper homework but I would advise you to interact with the platform when you can. Google Classroom is new to the school so there may be teething problems with logins etc. I thank you in advance for your patience.

Please remember that I will notify you if we have a confirmed positive case in our school. I have decided to share this information with you so you are aware of the steps we will put in place if there is a class closure.

Thank you for your continued support

Miss Puccio

COVID-19 RELATED PUPIL ABSENCE

A quick reference guide for parents, carers and staff
Updated: 21st September 2020

DEFINITIONS OF COVID-19 SYMPTOMS

Please read these definitions through carefully.

If you are unsure, please call the school office to discuss BEFORE sending your child into school 01438 352 863 or email admin@clitherow.herts.sch.uk

A NEW CONTINUOUS COUGH

A NEW CONTINUOUS COUGH MEANS:

- you are coughing a lot for more than 1 hour

OR

- you have been coughing a lot 3 or more times in 24 hours
- if you normally have a cough, it may be worse than usual.

The coronavirus cough is a dry cough. This means it does not produce any phlegm or mucus (so you do not cough anything up like you would with a chesty cough).

If you have a chest condition you may already cough. If you have symptoms of coronavirus, you may have a cough that is different from your normal cough, or your normal cough may feel worse than usual.

WHAT TO DO:

- rest
- drink lots of fluids

A HIGH TEMPERATURE OR FEVER

A high temperature or fever is a normal way for your body to fight infection.

This is because the increase in body temperature makes it harder for viruses and bacteria to survive.

You do not need to take your temperature to know you have a fever.

If you do have a thermometer however, a fever is when your temperature is 37.8C or higher.

A THIRD COMMON SYMPTOM OF CORONAVIRUS IS A LOSS OF, OR CHANGE IN, SENSE OF SMELL OR TASTE (ANOSMIA).

SCENARIOS

What to do if...	Action Needed	Return to school when...
...my child has any Covid-19 symptoms	<ul style="list-style-type: none"> - Do not come to school - Contact school to inform us - Self-isolate the whole household. See the image at the end of this document for advice about how long other members of the household should self-isolate - Get your child tested - Communicate with the school about the test result 	...the test comes back negative or ...10 days have passed since symptoms began, even if they still have a cough or loss of taste/smell. <i>(These symptoms can last for several weeks.)</i> AND the child feels well.
...my child tests positive for Covid-19.	<ul style="list-style-type: none"> - Do not come to school. - Contact school to inform us. - Agree an earliest date for possible return (minimum of 10 days). - Self-isolate the whole household. ...NHS test and	- Do not send the child who has	...the child who has had direct contact has

<p>trace has identified my child as a close contact of somebody with confirmed Covid-19.</p>	<p>had direct contact to school.</p> <ul style="list-style-type: none"> - Contact school to inform us. - Agree an earliest date for possible return (minimum of 14 days). <p>- Any other children in your household, who have not had direct contact, can come to school.</p>	<p>completed 14 days of isolation</p>
<p>...NHS test and trace has identified a household member (other than my child) as a close contact of somebody with symptoms or confirmed Covid-19.</p>	<ul style="list-style-type: none"> - The household member must self-isolate for 14 days. - Child can continue to attend school. 	<p>...child can continue to attend school</p>
<p>... a sibling attending another school has been sent home to self-isolate due to there being a positive case in their school.</p>	<ul style="list-style-type: none"> - Sibling at other school must self-isolate for 14 days. - Child at St. Margaret Clitherow School can continue to attend. 	<p>...child at St. Margaret Clitherow School can continue to attend school</p>
<p>... my child has travelled abroad from a country or territory that is NOT on the exempt list of countries.</p>	<p>If returning from a destination where quarantine is needed*:</p> <ul style="list-style-type: none"> - minimum of 14 days self-isolation for all those who travelled. - contact school to inform us you are back in the country and we will agree an earliest date for possible return to school. - Self-isolate the whole household. <p>*Foreign, Commonwealth & Development Office (FCDO) – for up to date travel information</p>	<p>...the quarantine period of 14 days has been completed.</p>
<p>... my child has travelled abroad from a country or territory that IS on the exempt list of countries.</p>	<p>If returning from a destination where quarantine is NOT needed:</p> <ul style="list-style-type: none"> - Check the current Exempt countries and territories list to confirm the country you have travelled from or through is on the exempt list. - Ring school to inform us you 	<p>... you have informed the office of your return to the UK</p>

	have returned to the UK and agree a return date to school.	
...I have travelled from a country that requires us to quarantine (but my child didn't travel).	<ul style="list-style-type: none"> - As long as you do not have / have not had symptoms in the last 14 days, your child can continue to attend school. - The person who has travelled MUST NOT leave the house, including to do pick-ups and drop offs (<i>please contact school if you need support getting your child to school</i>). 	...child can continue to attend school
...we have received medical advice that my child must shield.	<ul style="list-style-type: none"> - Do not come to school. - Contact school to inform us. - Shield until you are informed that restrictions are lifted and shielding is paused again. 	<p>...school inform you that restrictions have been lifted and your child can return to school again.</p> <p>...you receive medical advice that your child may return to school.</p>
...my child's year group bubble is closed due to a Covid-19 outbreak in school.	<ul style="list-style-type: none"> - Child must not come to school. - Support your child at home with remote education provided. - Your child will need to self-isolate for 14 days. - Other siblings, in other year groups, may continue to attend school. 	...school inform you that the year group bubble will be reopened.
... I am unable to get a test for someone in the household who has symptoms	<p>If you are not able to get a test, your child and anyone they live with must stay at home and self-isolate for 14 days.</p> <p>Anyone in your support bubble must also stay at home.</p>	...the child has completed 14 days of isolation.

What happens if someone in your family gets sick?

People may be able to pass on coronavirus without showing any symptoms
